SAMPLE ASSIGNMENT

QC's step-by-step program will take you through every aspect of the luxury event planning process. The course assignments are designed to put you into the planner role, in real-world scenarios that develop your creative and organizational skills as a luxury wedding and event planner.

Unit A Assignment 4 - *Additional Luxury Services & Events*

The purpose of this assignment is to familiarize you with the kinds of events that luxury wedding and event planners are often asked to organize above and beyond the ceremony and reception.

Scenario: You are asked to plan a luxury wedding for the daughter of a very wealthy business owner. He has advised you that, while the budget is not completely unlimited, he'd like you to pull out all the stops for his daughter. He wants her to have the full wedding experience, above and beyond just the ceremony itself.

Based on the above scenario, what types of additional events could you plan for the business owner's daughter that enhance client and guest experience leading up to or following the wedding itself? In the space below, compile a list of 5 wedding-related parties, dinners, and get-togethers that you would organize for the daughter and place them in the order that you would plan for them to take place.

Your answers can be written in point form or in full sentences.
